Varieties	Merlot
Alcohol:	12 %
pH:	3.72
TA:	5.6g/L
Residual Sugar:	Dry
Bottle Barcode:	9421003814004
Case Barcode:	9421003814028 (12 bottle case)

Vineyards

Merlot is sourced from Greyrock's Hawke's Bay vineyards with a range of soil types including gravels, silt and clay loam. The different characteristics of these sites provide depth and complexity of flavour in the wines.

Winemaking Notes

This wine is part hand-plunged and part pumped-over during fermentation to aid in colour extraction and to provide tannin structure. After a period of maceration on skins, the wine is pressed off and run into oak barrels for maturation, prior to bottling.

Greyrock Philosophy

The Greyrock range is based on rich, soft and approachable hand-crafted wines. They are made for early enjoyment, but may be cellared with confidence.

Tasting Notes

Great colour and aromas of plum and dark berryfruit are typical of Hawke's Bay Merlot. Silky tannins give it a soft finish for early drinkability and the depth of fruit gives it the ability to cellar for 4-5 years. Recommended serving temperature 18-20°C.

Food Match

Hearty pastas, beef and New Zealand lamb.

Awards

Bronze Medal - NZ International Wine Show, 2013
